

NAKKA ANIL KUMAR

Backend Developer

Phone: 7660078142 | Email: nakkaanilyadav2743@gmail.com | linkedin.com/in/anil-kumar-372858253 | Location: Hyderabad

Objective:

A highly motivated Backend Developer with 1 year and 3 months of experience in designing and implementing efficient, scalable backend systems. Eager to contribute technical expertise and problem-solving skills to drive innovation and create impactful solutions.

Professional Experience:

Backend Developer

CYE Technology Private Limited (May 2023 – Present)

- Developed backend solutions for web and mobile applications using **Node.js** and **Express.js**.
- Designed and optimized database schemas in **SQL** and **MongoDB**, ensuring efficient data management.
- Implemented secure user authentication mechanisms using **JWT** and **OAuth2.0**.
- Built robust **RESTful APIs** for seamless communication between frontend and backend systems.
- Collaborated with cross-functional teams to gather requirements and deliver user-centric solutions.
- Debugged and resolved critical issues, ensuring application stability and performance.

Key Achievements:

- Successfully delivered a web application for an educational institute, enabling streamlined user registration and course management.
-
- Contributed to a mobile app development project, enhancing user engagement through real-time features and secure API integrations.

Technical Skills:

- **Programming Languages:** Node.js, JavaScript, Python (Basics)
- **Database Management:** SQL, MongoDB, PostgreSQL
- **API Development:** RESTful APIs, JSON
- **Tools & Technologies:** Git, Postman, Power BI
- **Web Development:** HTML, CSS, Bootstrap

Education:

Bachelor of Technology in Mechanical Engineering

Siddhartha Institute of Engineering & Technology, JNTUH, Hyderabad, Telangana

CGPA: 7.64 | **Passed Out:** 2022

Projects:

1. Web Application for an Educational Institute:

- Designed and implemented a backend system using **Node.js** and **Express.js** for user and course management.
- Integrated payment systems for fee processing and managed data using **MongoDB**.

2. Mobile App Development Project:

- Developed backend support for a mobile application with real-time user authentication and notifications.
- Created RESTful APIs to enable seamless communication between frontend and backend.

Soft Skills:

- Problem Solving
- Effective Communication
- Team Collaboration
- Adaptability

Areas of Interest:

- Exploring New Technologies
- App and Web Development
- Travelling
